timbre venues
barber shop by timbre

Quality live music has a new address. Barber Shop, the latest addition to Timbre Group's line-up of live music venues, is Singapore's only nightspot dedicated to the celebration and education of one music's most influential genres: the blues and other eclectic genres of music such as reggae, funk, jazz and soul.

Anchored by a quality line-up of Singaporean musicians and bands like Raw Earth, Chicken Shack Revival and the Barber Shop Quartet, Barber Shop recreates the spirit of the blues in its Saturday Blues Jam Sessions. Reminiscent of older times when people of all ages came together and new friendships were forged over a shared love of music, experience a unique environment of creative energy, music education and appreciation right here in Singapore.
